PRESS RELEASE

Triple recognition for DODONI at Made in Greece 2022

The company won 1 gold award and 2 silver awards

DODONI was honored with 3 special awards at the Made in Greece Awards, an institution for Greek entrepreneurship. The glittering awards ceremony took place on Monday, June 20, in the Peristyle of Zappeion Megaron.

The company received a **gold award in the "Export Excellence" Category** for its outstanding export activity. The award is practical recognition of the company's evolution over the years, becoming a proud ambassador for the Greek diet and Greek products in more than 50 countries worldwide.

In addition, the company was also presented with **2 silver awards**, one in the **"Branded Consumer Product"** Category for the famous **DODONI Feta PDO** and one in the **"Innovative Consumer Product"** Category for the new **DODONI Plant'd, which was recognised for its original innovation in comparison to competitive products in the same category.**

With over 60 domestic and international distinctions and awards from 2015 until today recognising the company's dedication to producing outstanding quality dairy products, its dynamic business development and its successful communication strategy, DODONI remains faithful to its values and to its commitment to bring the taste of good food to Greek and international consumers.

Michalis Panagiotakis, CEO of DODONI, stated: " This is a major success, that represents the culmination of our ongoing effort, developing innovative products with high added value that meet modern trends. We are particularly proud of the triple recognition we have received, and we are committed to continuing our work by honouring these awards. We will continue to produce pure, 100% Greek products with a focus on excellent quality and unique taste, something which makes us stand out both in the domestic market and in the international market."
