PRESS RELEASE

**DODONI's distinction in the Bravo Sustainability Awards, 2021**

*The company was distinguished for two initiatives implemented with the participation of 14,380 Active Citizens*

**DODONI won two new awards** during the Bravo Sustainability Week 2021 organized by the QualityNet Foundation, regarding the company's initiative for the **Strong Implementation of Sustainability Strategies and Corporate Social Responsibility** as well as for the **Support of Vulnerable Groups During the First Wave of the Covid-19 Pandemic**.

More specifically, DODONI was singled out **in the Bravo Governance pillar** for its outstanding execution of Sustainability and Corporate Social Responsibility strategies over the last year, actively supporting the Epirus region, the Greek primary industry, as well as society at large via responsibility and sustainable initiatives focusing on Environmental Responsibility, Sustainable Supply and Respect for Labour, Human and Corporate Rights and Standards.

At the same time, DODONI was distinguished **in the Bravo Society Pillar** for its continuous social program "The Taste of Good," through which it has aided disadvantaged and financially vulnerable groups of individuals in the Regions of Epirus and Attica since the outbreak of the first wave of COVID-19. In particular, the firm was successful in providing effective assistance to the aforementioned groups, assuring them secure access to essential services and thus restricting public movement, while it also contributed by providing a substantial volume of medical material to the University Hospital of Ioannina.

"In DODONI, we are extremely glad to be once again in the fortunate position to get two such honorary awards." Mr. Michalis Panagiotakis, CEO of DODONI, said of these new distinctions. "It is not just another award for us; it is recognition of our collective work and effort to contribute to the protection of biodiversity and natural resources through responsible practices, to provide an excellent working environment while managing to focus on the society at large and the local community through social and voluntary actions and initiatives. We are committed to continuing to evolve while staying true to our company principles."

Bravo Sustainability Week 2021 is an annual gathering of all Responsible Organizations that develop initiatives to support our transition to a more sustainable future, as well as Active Citizens who participate in and contribute to the success and development of initiatives that shape the creation of tomorrow's Greece.
