**DODONI's distinction at the Healthy Diet Awards 2022**

*Gold and bronze awards for DODONI products*

DODONI won three important awards at the “Healthy Diet Awards 2022”, an institution that aims to reward companies for their excellence and innovation in products that promote a balanced and healthy diet, demonstrating the high quality and unique nutritional value of its products for one more year.

DODONI products that were awarded are:

- **Galotyri DODONI** was awarded with **GOLD** in the category “Dairy Products.”
- **DODONI Strained Lactose-free Yogurt 2%** was awarded with **BRONZE**, in the category “Free from or Low Food Products.”
- **DODONI Light cheese** was awarded with **BRONZE** in the category “Light Dairy Products.”

DODONI has been on an upward trend for more than a half-century, staying true to its values of creating authentic and high-quality dairy products. Its primary objective is to provide exceptional quality products with a unique flavour that stand out in both the local and international markets.

Marketing Manager of DODONI, Vicky Papoutsaki, stated: *“For all of us at DODONI, producing high-quality goods with unsurpassed flavour that encourage a healthier, more balanced diet is a primary focus. These new distinctions are a significant recognition of our strategic commitment and dedication to both the final product and our consumers, who bring our products to their tables every day. We will continue with our commitment for better and healthier goods with the same devotion, responsibility, and enthusiasm.”*
