PRESS RELEASE

DODONI: closing out 2019 with multiple distinctions and awards

Over the last 5 years, the company has earned a total of 51 distinctions and awards

DODONI, the leading dairy industry of Epirus, says goodbye to 2019 with 4 important new distinctions which once again highlight the company's commitment to producing quality 100% Greek products, its positive course within and outside Greece and its ongoing efforts to generate value for its people, its products and the general public.

Specifically, by year's end, DODONI earned 2 golds at the Made in Greece Awards 2019 in the categories of Consumer Product Export Excellence Award for its outstanding export activity and Branded Consumer Product Award for DODONI PDO Feta. These awards are sponsored by the Greek Marketing Academy, which showcases and acknowledges enterprises and organisations with excellent performance in creating and distributing products with significant added value for the Greek economy.

In addition, as part of the Bravo Sustainability Dialogue and Awards 2019, sponsored by the QualityNet Foundation (Network of Responsible Organizations & Active Citizens), DODONI was commended in the Support of Local Communities category under the Society pillar for its ongoing support of the largest milkshed in Greece, with more than 5,500 small and large Greek producers and its main focus on bolstering the primary economic sector.

Finally, at the 7th awards ceremony for the "Greek Value" awards, put on by the Federation of Industries of Greece (SBE), DODONI was amongst 20 enterprises recognised in the Regional Excellence Awards category. This institution acknowledges enterprises which are profitable, increase their human resources each year, introduce innovations and cultivate strong international business activity.

Commenting on these new distinctions, DODONI Deputy CEO Michalis Panagiotakis said: *"These new distinctions and those we have earned over the last few years are a special honour for us and fill us with pride and joy. It is important for us to be recognised by both domestic and international institutions, as our efforts are acknowledged along with our commitment to producing authentic, pure dairy products using 100% Greek milk, and our positive performance over the years both in Greece and abroad, where we enjoy a presence in more than 50 countries."*

With more than 51 domestic and international distinctions and awards since 2015, acknowledging the company's dedication to producing outstanding quality dairy products, its dynamic business growth and its successful communications strategy, DODONI remains loyal to its values and its commitment to bringing the taste of good to consumer tables both in Greece and abroad.
