PRESS RELEASE

Global distinction for DODONI Plant'd

The new products stood out at the Superior Taste Awards 2022

The new vegan oat desserts, **DODONI Plant'd**, won their first awards at the world-renowned International Tasting Institute's Superior Taste Awards 2022.

More specifically, **DODONI Plant'd Oat - Apple & Cinnamon** was awarded **2 gold stars**, standing out for its high quality and taste. In addition, **DODONI Plant'd Oat - Vanilla** and **DODONI Plant'd Oat** were awarded **1 gold star**. **The new DODONI Plant'd line was the only product of its kind that earned worldwide distinction in the competition, in the category "Products Alternative to Dairy"**.

The new line of vegan desserts is produced from premium natural ingredients based on oats and pea protein, and they do not contain lactose, palm oil, soy, nuts or preservatives. It is a premium quality innovative product which is governed by the strictest standards and is suitable for anyone who has chosen a vegan diet or a reduced-dairy diet. Moreover, DODONI Plant'd vegan desserts carry the V-Label certification which is an internationally recognised and registered symbol for products that are suitable for vegan and vegetarian consumers.

Michalis Panagiotakis, CEO of DODONI, made the following statement regarding the awards: "*This award certifies in practice the exceptional quality and taste of DODONI Plant'd, a product that was recently launched in the market and has already managed to make a very positive impression. Our goal is always to offer high quality products, based on quality raw ingredients, thus satisfying even the most demanding consumers.*"

The Superior Taste Awards are organised annually by the International Institute of Taste and Quality - iTQi, which is a world leader in the evaluation and certification of consumer food and beverages.
