PRESS RELEASE

## **DODONI: Always supporting Greek society**

**DODONI** dairy industry, as part of its ongoing corporate social responsibility actions, continues to support vulnerable social groups throughout Greece. Recently it has donated sports equipment to Longades Primary School, and supported the Metropolis of Nikaia, Athens, in its charitable work for our fellow citizens in need.

Specifically, the sports equipment donated fully covers the needs of 80 pupils, who will now be able to participate in all athletic activities, since the school had previously suffered from a severe lack of sporting equipment.

Furthermore, **DODONI** has bolstered, for the second time in the last few months, the invaluable social work of His Eminence Metropolitan Alexios of Nikaia, Attica, by providing over 8 tons of **DODONI** dairy and cheese products to residents of the area who are facing considerable financial difficulties.

By promoting a balanced diet, sport, solidarity and culture and remaining committed to producing pure, Greek products that offer **the taste of good, the taste of DODONI**, the company regularly supports initiatives of local bodies and organisations by substantially contributing to their work.

It is noteworthy that, over the last five years, **DODONI** has donated more than 1.2 million portions of products to social responsibility activities in the wider region of Epirus, showing greatfulness to both the people and the land for their trust to the company.

**DODONI's Deputy CEO Mr. Michalis Panagiotakis** stated the following: *“At DODONI every year we carry out a large number of corporate social responsibility actions centred on the local community, our people, our producers, the consumers and the appropriate raising of children, but we are also active at a national level, supporting our fellow citizens in need. We take great joy in supporting all the local and national bodies and organizations that we have helped over the years, since selfless giving and significant contribution are core values embedded in our company’s DNA. We are committed to continue to stand by them in every way we can, since at DODONI we are the taste of good. And it is this same taste that drives all our activities and is the very essence of our philosophy.”*
