

PRESS RELEASE

DODONI feted by FING at the GREEK VALUE awards of Northern Greece

DODONI, leading dairy industry in Epirus, received significant recognition at this year's "**GREEK VALUE awards of Northern Greece 2018**". It was awarded in the "**Regional Excellence Epirus**" category, for its invaluable contribution and activities in the local community of Epirus and Ioannina.

With more than 420 employees, over 5,500 Greek producers in the wider region of Epirus and 70,000 tons of milk processed annually, **DODONI** carries on its 55 years of traditional activity producing authentic, **100% Greek dairy** products that stand out for their high quality and authentic flavour. Using exclusively purely Greek raw materials, the **DODONI** name is inextricably linked with the region of Epirus while at the same time the company maintains a strong export presence spanning **45 countries across 5 continents**, thus bringing the Taste of Good to the tables of domestic and international consumers every day.

For the sixth consecutive year the **GREEK VALUE awards of Northern Greece** was organised by the Federation of Industries of Northern Greece. The aim of the event was to showcase enterprises that had excelled in the previous year. The award ceremony, which was attended by the most important representatives of the business and political community, was held on Friday 30 March 2018, at the MET hotel in Thessaloniki.

The aim of this event is to recognize and actively support the important work accomplished by the business world of Northern Greece amid the economic crisis that has plagued the Greek economy in recent years. The event promotes those companies that continue to support the Greek economy and Greek families by producing top quality products for the Greek and international markets.

Deputy CEO Mr. Michalis Panagiotakis stated that, "We are extremely proud that **DODONI** was feted by **FING** at the **GREEK VALUE awards of Northern Greece** and we are honoured to have stood out amongst other worthy companies that are active in the Epirus region. Always aiming to support Greek families and the Greek economy, we contribute on a daily basis to the development of our local community by maintaining the largest milk zone in Greece with over 5,500 Greek producers - breeders in 600 villages. Furthermore, we also make a significant social contribution by carrying out a large number of Corporate Social Responsibility actions aimed at supporting local bodies and organisations. Our priority, both now and for the future, is to create, every day, pure products from Epirus that stand out for their high quality and authentic flavour. Products that make the **DODONI** name synonymous with Epirus and the taste of Greece".

###

About DODONI

DODONI SA was founded in 1963. With 55 years of authentic tradition and history, the company, based in Ioannina, produces authentic, purely Greek dairy and cheese products, using 100% Greek cow, sheep and goat milk collected daily from a wide network of 5,500 Greek farmers, active primarily in the Epirus region. With more than 10,000 sales points in the domestic market and exports to 45 countries around the world, **DODONI** produces 9 categories of dairy and cheese products in 130 different SKUs, distinguished by their unique taste, quality and 100% Greek identity.
