

## DODONI "Healthy Food Brand of the Year" at the Healthy Food Awards 2023

*The company won seven (7) awards.*

DODONI, in the context of the **Healthy Food Awards 2023**, received the highest distinction of the institution and was distinguished as a **"Healthy Food Brand of the Year"**, a fact that confirms once again the high quality and unique nutritional value of the products it produces.

At the same time, it received **two Gold awards. One** for the new plant-based desserts DODONI Plant'd and one for the DODONI Light. In addition, **three Silver awards** were awarded to Feta DODONI P.D.O. with 40% less salt, Dodoni Strained Yogurt 2% and DODONI with Fruit.

As part of the prestigious award, the Vegan Awards 2023 were also awarded, with DODONI Plant'd standing out and winning a Bronze award, in the "Plant- Based Yogurt" category. The DODONI Plant'd range consists of three flavors, Plain, Vanilla and Apple-Cinnamon. This distinction came after an evaluation received from the jury, which consisted of distinguished Academics, Institutional Factors, Scientists, and journalists from the field of veganism.

Continuing dynamically the upward trajectory recorded over the last 60 years, DODONI remains faithful to its values for the creation of authentic and quality products, with main concern being excellent quality and unique taste, made with the best, purely natural ingredients and standing out both in the domestic and international markets.

Mr. George Avgerikos, Commercial Director of DODONI, stated: *"For the DODONI family, it is a key priority to produce products of top quality and unbeatable taste, which at the same time promote a better and more balanced nutritional model in people's daily lives. Our selection as "Healthy Food Brand of the Year" along with the other very honorary distinctions we received, are an important recognition of our strategic dedication and commitment both to the final product and to our consumers, who choose us daily to be at their table. We are also excited about the recognition and the market success of our DODONI Plant'd vegan product range, which we produce without any preservatives and of course with only natural ingredients. We will continue to deliver on our commitments for increasingly healthy and innovative products with the same consistency, responsibility and passion that has characterized us for over half a century."*
